

**The board of directors' of Evolution AB (publ) proposal
regarding the resolution on authorisation for the board of
directors to issue shares, warrants and convertible debt**

**Item 17: Resolution on authorisation for the board of directors to
issue shares, warrants and convertible debt**

The board of directors proposes that the annual general meeting authorise the board of directors to, within the scope of the articles of association, with or without deviation from the shareholders' preferential rights, on one or several occasions during the period until the annual general meeting 2023, resolve to increase the company's share capital by issuing new shares, warrants or convertible debt in the company. The authorisation shall be limited whereby the board of directors may not resolve to issue shares, warrants or convertible debt in such a way that the total number of shares that are issued, issued through the conversion of convertibles or issued through the exercise of warrants exceeds 10 per cent of the shares in the company at the time of the annual general meeting. The issues shall be made on market terms and payment may, apart from payment in cash, be made in kind or by set-off or otherwise with conditions. The purpose of the authorisation and the reasons for any deviation from the shareholders' preferential rights is to be able to carry out and finance acquisitions of businesses and assets.

Majority requirements

A resolution in accordance with the board of directors' proposal is valid only where supported by shareholders holding not less than two-thirds of both the votes cast and the shares represented at the general meeting.
